Vaccine Distribution in Mansfield as of April 1, 2021

- [Cleaning Your Home Every Day and When Someone Is Sick](#)

Cleaning with a household cleaner that contains soap or detergent reduces the amount of germs on surfaces and decreases risk of infection from surfaces. Disinfection to reduce transmission of COVID-19 at home is likely not needed unless someone in your home is sick or if someone who is positive for COVID-19 has been in your home within the last 24 hours. Follow recommended steps for cleaning and disinfecting your home when someone is sick.

- **Vaccine Eligibility Timeline**

Residents 55+ and residents with one certain medical condition are eligible to receive vaccine at any of the Commonwealth's over 300 vaccination locations, including 269 pharmacy

locations. With this group, more than 1 million additional residents will be eligible for vaccine in the Commonwealth.

When can I get a COVID-19 vaccine in MA?

PHASE ONE
In order of priority

- Clinical and non-clinical healthcare workers doing direct and COVID-facing care
- Long term care facilities, rest homes and assisted living facilities
- First responders (EMS, Fire, Police)
- Congregate care settings (including corrections and shelters)
- Home-based healthcare workers
- Healthcare workers doing non-COVID-facing care

PHASE TWO
In order of priority

- Individuals 75+
- Individuals 65+ and individuals with 2+ certain medical conditions (those that are at increased risk for severe illness)
- K-12 educators, K-12 school staff and child care workers
- **MARCH 22:** Individuals 60+ and workers in certain sectors (including transit, grocery, utility, food and agriculture, sanitation, public works and public health workers)
- **APRIL 5:** Individuals 55+ and individuals with one certain medical condition

PHASE THREE
APRIL 19: Individuals age 16+

December - February
Estimated timeframes

February - April

April 19th
Updated 3/17/2021

For more information on vaccine distribution visit [Mass.gov/COVIDvaccine](https://mass.gov/COVIDvaccine)

The full timeline is available at mass.gov/COVIDVaccinePhases.

The CDC recently updated its [list of conditions](https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-with-medical-conditions.html) which can make an individual more likely to get severely ill from COVID-19. <https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-with-medical-conditions.html>

For individuals that have already pre-registered but would like to update their information to reflect the new medical conditions recognized by the CDC and [Massachusetts](https://mass.gov) as of April 5th: The administration is building a feature for individuals to edit their submission that will be made available soon.

- [Steps to Get Your Vaccination](#)

Step 1: Check your eligibility below or [use our tool](#)

Step 2: Preregister for a mass vaccination location or find a location and schedule your appointment

There are different ways to find a vaccine appointment:

- Preregister at [VaccineSignUp.mass.gov](https://vaccine.signup.mass.gov) to be notified when it's your turn to schedule an appointment at one of [7 mass vaccination locations](#).
- Use [VaxFinder.mass.gov](https://vaxfinder.mass.gov) to search for appointments at pharmacies, health care providers, and other community locations

Massachusetts receives a limited supply of COVID-19 vaccine doses from the federal government each week. Due to high demand and very limited supply, it may take several weeks to schedule an appointment or to be notified that an appointment is available at mass vaccination locations.

At this point, the Town does not have any vaccine for public distribution.

Council on Aging staff is available to assist any vaccine-eligible seniors who need help navigating the scheduling process. Please call 508-261-7368.

Step 3: [Prepare for your appointment](#)

What should I do after getting vaccinated?

Even after getting the vaccine it is important to:

- Wear a mask
- Keep social distance
- Wash your hands
- Avoid large crowds
