

COMMUNITY UPDATE COVID-19

March 10, 2022:

The Town of Mansfield continues its community update on our website with our up to date information and important tips for the public as it relates to the COVID-19 pandemic. For more complete information, please see the town [coronavirus webpage](#).

- **As of today, please see the below chart that represents our communities COVID-19 relates cases:**

<i>Mansfield Covid-19 Workflow</i>	#	
Positive COVID-19 under isolation	13	(updated 03/10 08:00)
Positive Cases recovered	4093	
Total tested positive since beginning:	4138	
Covid-19 Related Deaths	32	Last Covid death in Mansfield 2/15/22

New COVID-19 cases per week March 7, 2020 - March 5, 2022

Vaccine Distribution in Mansfield- data through March 1, 2022*

■ Population ■ Individuals with booster doses ■ Fully vaccinated individual, no booster ■ Partially vaccinated individuals

*The Centers for Disease Control and Prevention (CDC) now recommends that [Americans stay "up to date" with COVID-19 vaccines](#), rather than be "fully vaccinated." Up to date means a person has received all recommended COVID-19 vaccines, including any booster dose(s) when eligible. Fully vaccinated means a person has received their primary series of COVID-19 vaccines.

[Preparing Children and Teens for Vaccination](#)

For children and teens, the experience of getting a COVID-19 vaccine will be very similar to the experience of getting routine vaccines.

- Talk to your child before vaccination about [what to expect](#).
- It is not recommended you give pain relievers before vaccination to try to prevent side effects.
- Tell the doctor or nurse about any allergies your child may have.
- To prevent fainting and injuries related to fainting, your child should be seated or lying down during vaccination and for 15 minutes after the vaccine is given.
- After your child's COVID-19 vaccination, you will be asked to stay for 15–30 minutes so your child can be observed in case they have a severe allergic reaction and need immediate treatment.

- [Bristol County COVID-19 Community Level is identified as LOW](#)

[COVID-19 Community Levels](#) are a new tool to help communities decide what prevention steps to take based on the latest data. Levels can be low, medium, or high and are determined by looking at hospital beds being used, hospital admissions, and the total number of new COVID-19 cases in an area. Take precautions to protect yourself and others from COVID-19 based on the COVID-19 Community Level in your area.

In **Bristol County**, community level is **Low**.

- Stay [up to date](#) with COVID-19 vaccines
- [Get tested](#) if you have symptoms

People may choose to mask at any time. People with symptoms, a positive test, or exposure to someone with COVID-19 should wear a mask. If you are immunocompromised, learn more about [how to protect yourself](#).

COVID-19 Community Level designations throughout Massachusetts as of March 3rd:

County	COVID-19 Community Level

What Prevention Steps Should You Take Based on Your COVID-19 Community Level?

Community Burden Levels		
Low	Medium	High
<ul style="list-style-type: none"> • Stay up to date with COVID-19 vaccines • Get tested if you have symptoms 	<ul style="list-style-type: none"> • If you are at high risk for severe illness, talk to your healthcare provider about whether you need to wear a mask and take other precautions • Stay up to date with COVID-19 vaccines • Get tested if you have symptoms 	<ul style="list-style-type: none"> • Wear a mask indoors in public • Stay up to date with COVID-19 vaccines • Get tested if you have symptoms • Additional precautions may be needed for people at high risk for severe illness
<p>People may choose to mask at any time. People with symptoms, a positive test, or exposure to someone with COVID-19 should wear a mask.</p>		

- [Treatments for COVID-19](#)

Free treatments for COVID-19 are available. They can help prevent hospitalization and reduce your chance for severe disease.

Treatment is available for people who are at increased risk of severe disease*, test positive for COVID-19 and have any symptoms, even mild ones (such as runny nose or cough). The sooner you start treatment, the better.

- **Call your doctor right away** to learn about your treatment options, OR
 - **Call (508) 213-1380** to speak with a Gothams representative. If you're eligible for COVID-19 treatment, they can schedule an infusion appointment for you at one of their 7 sites in Massachusetts. Gothams COVID-19 Self-Referral Treatment Line is open Monday–Saturday from 8 a.m. to 6 p.m.
